# Men's Frogg Toggs Tekk Toads –TT6039 & TT8039

The Frogg Toggs Classic Tekk Toad represents the state-of-the-art in non-woven rainsuit technology. We put all our years of experience into the design and construction of this durable, full-featured suit. The Tekk Toad features a parka-length jacket with a raglan sleeve design which is ideal for active use, and the full cut of the suit allows plenty of range of motion and can easily be worn over insulated clothing. The tuck-away hood design and front zipper closure with rain gutter and storm flap make this suit ready to handle even the roughest weather. The pants feature extended 16" adjustable leg openings which makes it easy to pull them on over boots, and the easy access cargo pockets give you plenty of room for gear.
